Advice from professionals is great
Make Connections.
It’s important for Geography majors to network and build relationships when attending professional events. Professional associations allows for networking, mentoring, learning the industry trends and finding career or internship opportunities. Professional associations within the Geography industry include:

Professional Associations
Association of American Geographers
American Society for Photogrammetry and Remote Sensing
American Congress on Surveying and Mapping
The National Society of Professional Surveyors
The Cartography and Geographic Information Society
American Planning Association
