Members of SGA attended a Women's Leadership Panel hosted by Congressman Carlos Curbelo. From such an event, our SGA officials learned how to be effective leaders in the community and were able to network with prominent individuals, such as State Senator Anitere Flores.

On July 6th, was the official local FIU in DC Proclamation at the Board of County Commissioners meeting. FIU in DC has been a great accomplishment for our university. A few of our SGA officials were in attendance along with President Rosenberg as proud panthers!
We've been tabling all summer long at events such as Homecoming's Rally 100 and orientations to inform our current and incoming students about what SGA can do for them. If you would like to become part of SGA, click here for the intern program application!

Not only has SGA been active this summer in the FIU community, but also in the community as a whole. In June, SGA partnered with Farm Share, several locally elected officials, and the Florida Department of Children and Families to package and distribute food to families in need.

**IT'S ON US**

*What is It's On Us?*

It's On Us is a nationwide initiative that was introduced to college campuses in 2014 to end
Sexual assault should not be a part of the college experience and as such, we all can play a part in ending sexual assault. As President Obama stated, "to work so hard to make it through the college gates only to be assaulted is an affront to our basic humanity."

**What Can We Do?**

SGA takes part in the 6 week institution-wide programs and services to educate our students and university community on responsible conduct, the meaning of consent, how to properly report cases of sexual misconduct, and how to hold individuals accountable for their behavior. The FIU It's On Us campaign initiative is about action, education, and the continuum of care for our students, faculty, and staff. Come out to the events, learn the facts, and take the pledge to end sexual assault on our campus!
